A black and white line drawing of a cute, fluffy hamster. The hamster is sitting upright, facing forward, with its front paws held up near its chest. It has large, round eyes, a small nose, and a wide, happy smile showing its teeth. Its fur is depicted with many short, curved lines to give it a very fluffy appearance. The drawing is simple and cartoonish, suitable for a children's book or educational material.

A square maze with a highlighted path. The path starts from the bottom-left corner and winds through the maze, ending at an exit labeled '도착' (Arrival) on the right side. The path is highlighted in a light blue color, while the walls of the maze are black. The maze consists of various corridors and dead ends, with the path being the only route that leads to the exit.
